INDEX.

A

Abdominal pains, obscure, 329
Aberdeen, the cholera outbreak at, 192; University of, pass-list of, 555
Abergavenny, Joint Counties Lunatic Asylum, 207
Abortion, attempt to procure, 500
Absolon v. Statham, 502
Acupressure, 396, 474, 490, 517, 615; notes on, 233, 597; cases illustrating the arrest of hæmorrhage by, 331; employment of, in a case of amputation of forearm, followed by recovery, 566; employment of, in two cases of amputation, 628
Adams, Mr. W., Club-foot, its Causes, Pathology, and Treatment (review), 149
Addison's Disease, on (review), 604; a case of, not recognised during life, and simulating other diseases, 230
Admiralty, the, and medical students, 100, 133, 229; the scheme of the, for entrapping medical students, 190
Adulterations, of dutiable articles, 223; in France, 618
Advertising quacks, 249
Agricultural gang system, the, 421, 445, 500, 662
Ague, quotidian, 512; symptomatic, 657
Air-pump in obstetrics, the, 336
Aitken, Dr. L., on the admixture of vaccine lymph with glycerine, 70
Albert Hall of Sciences and Arts, the, 638
Alcoholic stimulants in disease, 503, 609, 660
Aldershot, winter at, 91; and the Contagious Diseases Act, 478
Alderson, Dr. J., lecture introductory to clinical medicine, 1; on the pathology of cholera, 35; on the pathology and treatment of cholera, 73; address at the Royal Medical and Chirurgical Society, 300; on diphtheria, 833
Algiers, English practitioners in, 103, 133
Alkali Act, the, 801
Alkaloids, difficulty of testing for, 461
Allison, Dr. A., medical reform, 787
Alopecia, 477, 503, 532, 556, 619; syphilitic, cases of, treated with Mr. H. Lee's mercurial vapour-bath, 763
Althaus, Dr. J., on the treatment of epilepsy, with complications, 209
Amaurosis, 756, 800; from embolism of ophthalmic artery, 330
Amblyopia produced by tobacco-smoking, 336
Amenorrhœa, 530
American reprints, 251
Amyloid degeneration, on the nature of, 210, 239
Anæsthesia, local, sloughing produced by, 629
Anatomical students, 255
Anatomy, 229
Andersen, Karl, the case of, 401, 524, 617, 633, 650
Aneurism, popliteal, a case of, treated by temporary metallic compression of the femoral artery, 3; of the arteria innominata, a case of, successfully treated by the simultaneous deligation of the subclavian and carotid arteries, 12; of the thoracic artery bursting into the left bronchus, 43; of thoracic aorta making its way into the lower lobe of the left lung, which thus formed the sac of the aneurism, 44; of the palm, traumatic, cured by compression, 116
Aneurismal varix, two cases of, one congenital, 146
Animal food supplies, 94
Anomalous case, an, 691
Anstie, Dr. F. E., on the diurnal fluctuations of the pulse-form, and on certain cautions necessary to be observed in sphygmography, 170
Antipodes, hospital hygienics at the, 201
Apothecaries' Hall, pass-lists of, 31, 101, 163, 194, 229, 288, 318, 351, 379, 408, 445, 476, 500, 529, 555, 589, 617, 652, 687, 724, 754, 806
"Apothecary, the," 34
Arm, large chronic abscess of the, obscure cerebral symptoms, and death, 10
Armstrong, Mr. S., the charge against Mr. Clement, 382
Army, medical department of the, 411, 478, 691, 665; pass-lists of, 258, 318; the Director-Generalship of the, 88, 128, 214, 339
——, assistant-surgeons for the, 310; medical warrant, the new, 312, 424, 425, 463; heart disease in the, 420, 690; returns of surgeons in the, 457; statistics of the, 207; the candidates for the, ib.; and navy, medical warrant for the, 67; venereal disease in the, 477
Arterial disease, a new variety of, 613
—— pulse, the graphic study of the, 776
Ascarides, 34
Ashton, Mr. T. J., a new instrument for injecting cancerous tumours of the uterus and rectum, 79
Aspray, Dr. C. O., treatment of gonorrhœa, 504
Assistants, unqualified, 558
Asylum for Idiots, Earlswood, the, 132, 589
Athlete, a medical, 68
Athletic sports, the hygiene of, 575, 713
Atkinson, Dr. F. P., treatment of quinsy, 478
——, Dr. J. C., Change of Air, Change of Scene, and Disease (review), 418
Atlas of Surgical and Topographical Anatomy (review), 631
Auscultation by means of musical vibrations, 114
Australian boiled beef, 616; report of an analysis of recently imported, 850

B

Bachelors and married men, comparative mortality of, 251
Bachelors' Amateur Dramatic Club, 806
Bacon, Dr. G. M., the statistics of public prostitution in Italy, 512
Baillière, Mr. H., death of, 617
Bakewell, Dr. R. H., the late Mr. R. Hulme, 196
Balfour, Dr. G. W., on the treatment of cholera by strychnine, 8
Balman, Dr. T., on scrofulous diseases of the external lymphatic glands, and their treatment by iodine and other local stimulants, 416, 455
Banon, Dr., death of, 666
Barker, Dr. S., physician and patient, 634
——, Dr. W. G., on Diseases of the Respiratory Passages and Lungs, sporadic and epidemic (review), 149
Barnes, Dr. R., address of, at the Obstetrical Society, 45
Barnsley, health of, 381
Barwell, Mr. R., treatment of club-foot, 291; remarks on joint-inflammations, 565
Basham, Dr. W. R., a sediment tube for the more readily collecting from the urine tube-casts and other objects for microscopic examination, 209
Bateman, Dr. F., sarcinæ in the urine, associated with dyspepsia and neuralgia, 172
Bath, the order of the, 309; the honours of the, 548
Battersea, drainage in, 501, 553
Beadledom in the coroner's court, 134
Beaney, Mr., testimonial to, 247
Beatty, Dr. T. E., Contributions to Medicine and Midwifery (review), 212
Beaumont Medical Society, 370
Beckley, Mr. R. W., the cattle plague at Islington, 238
Beigel, Dr. H., on Inhalation as a Means of Local Treatment of the Organs of Respiration by Atomised Fluids and Gases (review), 14; a new fungus of the hair, 330, 352
Belgian volunteers, medical staff of the, 750
Belladonna, in constipation, 197; does it produce a rose-red rash? 692
"Bellcisle," the, 58
Bengal, health of the English troops in, 404, 547; Medical College, 684; Sanitary Commission, 788; Lower, prison statistics of, 162
Bequests, 400, 445, 589, 617, 685
Bermondsey bakehouse, a, 755
—— Workhouse, the, 227
Biographical Treasury, the (review), 15
Bird, Dr. S. D., Australian climates in consumption, 6
Birkett, Mr. J., lithotomy and lithotrity, 67; on true hydatid cysts developed in the mammary gland, 263; results of the treatment of non-bony union after fracture of the humerus by the introduction of ivory pegs through the fragments, 622
BIRMINGHAM CORRESPONDENCE.—Ovariotomy, 30—A medical reference library for Birmingham, ib.—The Lying-in Hospital, ib., 225—The election at the General Hospital, 475—Improvement in the health of Birmingham, ib.
Birmingham Lunatic Asylum, 31, 476; Lying-in Hospital, 123, 145, 311, 807; General Hospital, the election at the, 309
Birth, singular, 291
Birth- and death-rate of the world, 731
Bite of a dog, death from the, 193
Black, Dr. C., how to prevent pitting of the face by small-pox in persons unprotected by vaccination, 792
——, Dr. D. C., testimonial to, 725
"Black death," the, 754
Black lunatics, 182
Blackfriars new bridge, accident at, 640
Bladder of a woman, removal of a metallic pencil-case from the, six days after its introduction, 112
Blanchet, M., death of, 445
Blasson, Mr. W., boards of guardians and their medical officers, 378
Blindness, temporary, a case in which this was associated with heart disease, 813
Blood as an article of diet, 592
Blood-poisoning resulting from impure air, death from, 227
Board of guardians, a model, 184
Boards of guardians and their medical officers, 378
Body and Mind (review), 569
Bombay cocoa registration, 639
Bond, Mr. T., the treatment of gonorrhœa, 411
Bonesetting, legalised, 281
Bonney, Mr. W. A., a perfect hymen at the time of delivery, 106
——, v. Smith, 804
Bothriocephalus latus, development of the, 88
Boulogne, the late cholera epidemic at, 755
Bowel, on a case of internal strangulation of the, by a band, associated with a reducible hernia, successfully treated by operation; with remarks, 294
Bradford Infirmary and Dispensary, 135
Bradley, Mr. D., belladonna in constipation, 197
Brain fever, what is it? 228
Braithwaite, Dr. J., felt splints in fracture, 447
Brazil, hygiene in, 751
Bread, poisoned, 313
Breast-pump and feeding bottle, 317
Brighton Hospital, 191
—— Sanitary Association, the, 422

Brinton, Dr. W., obituary notice of, 129; the late 195; Intestinal Obstruction (review), 461
Bristol, a coroner's inquest at, 411; General Hospital, 195
British workman, the, 3
Briton Medical and General Life Association, 441
Bronchitis, the diathesis of, 307; chronic, on, 198, 231; gouty, 293, 479
Brougham, Lord, health of, 379
Brown, Mr. I. B., clitoridectomy, 28; and the Obstetrical Society, 47; charges against, and replies of, 427; and the London Surgical Home, 498; and the Medical Society of London, 498, 526
——, Mr. Thos., the bequest of the late, 802, 806
Bryan, Dr. J. M., Medical Provident Society, 352
Bryant, Mr. T., on polypus of the nose, more particularly in reference to its treatment, 235; on a case of internal strangulation of the bowel by a band, associated with a reducible hernia, successfully treated by operation, with remarks, 394; on fractures and dislocations of the spine, 416
Buccal cavity, development of the, 66
Buckhurst Hill tragedy, the, 552
Bullet detector, an ingenious, 578
Burns, chlorinated soda in, 133
Burnt to death, 749
Busk, Mr. G., cramming for examinations, 583
Buzzard, Dr. T., on cases of injury from railway accidents; their influence upon the nervous system, and results, 389, 453, 509, 623

C

Cake and small-pox, 15
Cadge, Mr. W., cases of stone in the bladder, 481, 535
Cæsar, Mr. R. T., medical etiquette, 280
Calcutta, proposed Lock hospital in, 25
Calkin's occhlombra, 517
Callender, Mr. G. W., on fatty degeneration of the diaphragm, 39; note on acupressure, 597
Calves, the slaughtering of, 659, 805
Cambridge University, 132, 227, 363, 755; bust of Dr. Clark, 258
——, scholarships at, 371; museums of natural science, 469; lectureship on natural science at Trinity College, 750; the Natural Science scholarship at Downing College, 805
Cancer, of the tongue, 209; medullary, of mediastinal glands and left lung, 238
Cane or grape sugar in diabetes, 352
Canterbury, sanitary state of, 344
Capital punishment, 194
Case of distress, a, 526, 592, 618
"Cat," the effects of the, 121
Cat's milk, 65
Cattle disease, in Yorkshire, 101; in France, 379
—— plague, the, 257, 445, 587, 589, 610, 617, 634, 650, 683, 723; in Prussia, 25; at Islington, 182, 219, 226; alleged death of a butcher from, 227; supposed case of, in Liverpool, 750; in Germany, 806
——, importation of, 604
—— poisoning in Cornwall, 424
Caution, a, 558, 656, 757
Centenarians, 526, 577
Cerebral hæmorrhage, 461
—— ramollissement, spontaneous, 356
Cerebro-spinal arachnitis, 463
—— meningitis, or so-called "spotted fever," on, 731, 774; on an epidemic of, at Lincoln, 790
Cervical canal, on stricture of the, 111
Chambers, Dr. T. K., the Indigestions; or, Diseases of the Digestive Organs Functionally Treated (review), 240
